FEDERAL AVIATION ADMINISTRATION
KALAMAZOO AIR TRAFFIC CONTROL TOWER
KALAMAZOO/BATTLE CREEK INTERNATIONAL AIRPORT
5235 PORTAGE ROAD
KALAMAZOO, MI 49002-1713**

ISSUED: 3/07/08

EFFECTIVE: 4/4/08

KALAMAZOO AIR TRAFFIC CONTROL TOWER

LETTER TO AIRMEN NO. 08-1

SUBJECT: Radar services provided for VFR Practice Approaches at the Kalamazoo/Battle Creek International Airport and satellite airports within the Kalamazoo Approach Control airspace.

CANCELLATION: 4/4/10

The Kalamazoo Air Traffic Approach Control will provide IFR separation to VFR aircraft conducting practice instrument approaches to the Kalamazoo/Battle Creek International Airport.

To the maximum extent possible, it will also provide IFR separation to VFR aircraft conducting practice instrument approaches to satellite airports within the Kalamazoo Approach Control Airspace. In the event that IFR separation cannot be provided, aircraft will be instructed to "Maintain VFR Conditions" and advised that "Separation Services Will Not Be Provided". However, controller workload permitting, traffic information/advisories will be provided.

Unless advised otherwise, aircraft requesting radar services while conducting VFR practice approaches to the airports listed below, should contact the Kalamazoo Approach Control on the appropriate frequency prior to commencing an approach.

FREQUENCY 119.2

Battle Creek W.K. Kellogg (BTL)
Coldwater Branch County (OEB)
Marshall Brooks Field (RMY)

FREQUENCY 121.2

Sturgis Kirsch Municipal (IRS)
Three Rivers Municipal (HAI)

This letter cancels Kalamazoo Air Traffic Control Tower Letter to Airmen 06-1, dated 4/4/06. If you have any questions regarding this service, please contact the Kalamazoo Air Traffic Control Tower at the above address, or phone (269) 345-6026.
